

NATURE HUNT

Our neighborhoods are home to many plants and animals (that's called biodiversity!). What can you find in your backyard or on a walk around the block?

✓ Check off what you find below!

Nature can be found all around us, even here in the city! Submit your nature photos to help scientists understand the biodiversity in your neighborhood.

STEP 1

Discover Wildlife

Look for the incredible wildlife all around you!

STEP 2

Record What You See

Snap a photo of the animals and plants you find.

STEP 3

Share What You Find

Submit your nature photos to the iNaturalist app, #NatureinLA, or email us at nature@nhm.org
