

Outdoor Exploration Guide

Let's explore the outdoors!

Remember to use all of your senses as you walk around.

What is the weather like today? Circle one below:

FIND a plant. Make sure it does not have any spiky parts.
Gently RUB a leaf. How does it feel? What does it smell like?

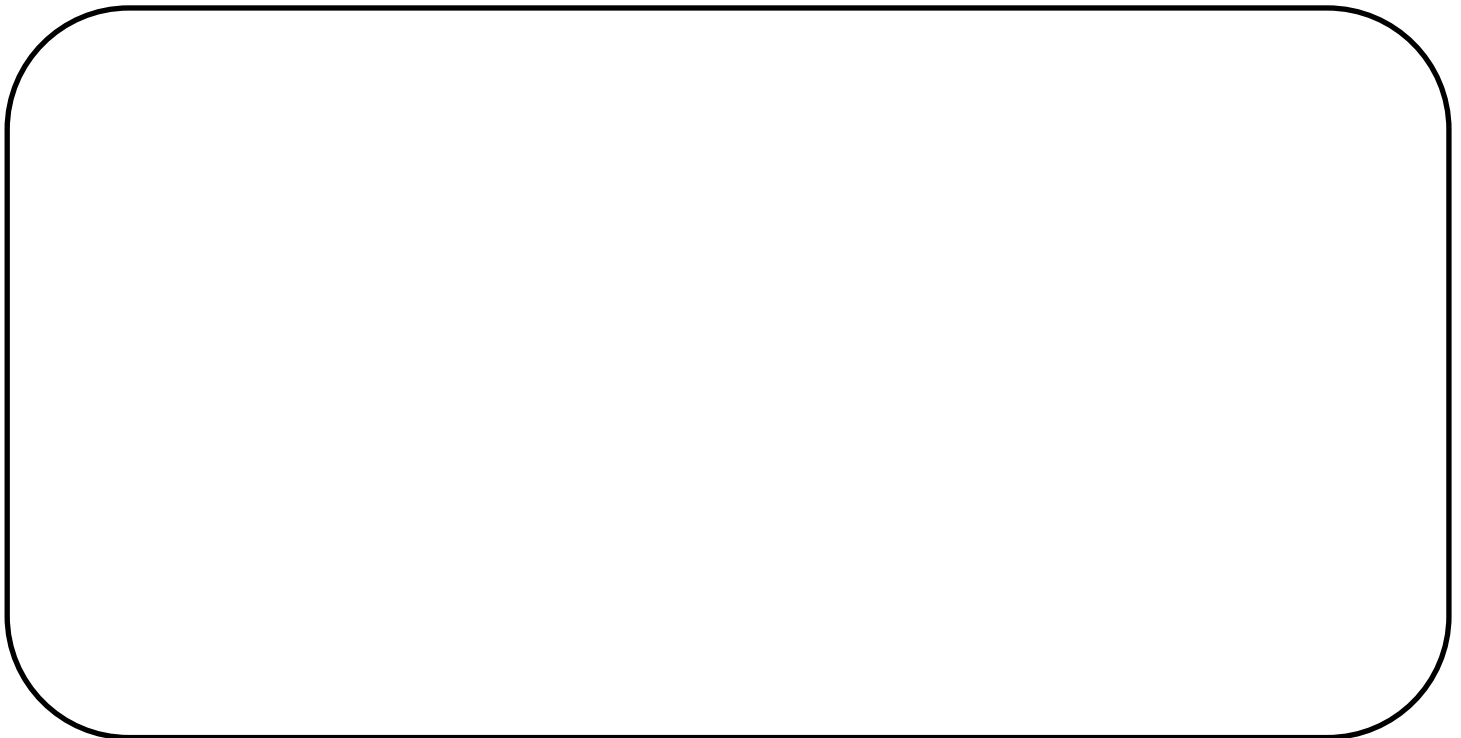

WATCH a small group of plants for **ONE** minute. What animals did you see?

I saw . . .

CHOOSE a plant anywhere outside.

DESCRIBE the plant:

DRAW the plant here:

LOOK closer at the plant. Are there any flowers, seeds or fruit? Are there leaves? If so, what color are they? What might that tell us if the leaves are green, or brown, or yellow?

Add more details to your drawing above!
